Dear Parents/Carers,

We thought it best to update all our families as there have been differing advice from various sources regarding reopening the nursery.

Recently, the Director of Public Health for Lancashire County Council has issued advice to schools and early years settings not to reopen on June 1<sup>st</sup>. This is because they do not believe Lancashire has met all of the 5 key tests outlined by the Government. Lancashire County Council will be reviewing this, but have given no indication yet as to when this will be reviewed.

Following the update from the government yesterday (28<sup>th</sup> May), schools and early years settings continue to be advised to reopen on June 1<sup>st</sup>. The Government outlined that all of the 5 key tests were now being met, although did state that different areas of the UK would be moving at different rates.

As you can see, the advice being given to early years settings is conflicting and Lancaster Road Nursery hope to operate in a way that is safe for all children, families and staff. For the time being, we continue to work towards our opening date of 8<sup>th</sup> June with set sessions for the children. However, we will continue to monitor advice from all authorities and this may lead to a change of date for reopening.

We would like to thank all of our families for their support and patience during these uncertain times. Lancaster Road Nursery are committed to ensuring the safety and well-being of those in our community. We would also like to thank those families who have informed us if they are planning to send their children back for the summer term. This really helps us to form a clear idea of how many children may be in each group and prepare our staff for returning to work. Any families who have not yet informed us but know what they plan to do, please could you email [nursery@lancsroad.lancs.sch.uk](mailto:nursery@lancsroad.lancs.sch.uk)

Stay safe,  
Lancaster Road Nursery
